

## In Season Qualifying Procedure 2007

All times/scores achieved at high school meets that meet or exceed the state qualifying times/scores shall be submitted by the coach to the swimming and diving coordinator of Section V (Henry Savage – LHS325@aol.com). The submissions must be on the official form and received by the coordinator within 72 hours of achieving the time or score that meets the state entry time or score. All coaches shall notify the coordinator at the conclusion of their Sectional Finals as to which events they will be entering their swimmer, diver or relay in.

### Clarifications

1. All qualifying times must be at high school meets with National Federation Rules and National Federation Officials (NYSCSO) in all capacities. (No volunteer coaches, parents, etc.). Since the qualifying score for diving is for an 11-dive meet, all qualifying scores for diving must be an 11-dive high school meet with National Federation Rules and National Federation Officials (NYSCSO) in all capacities. If you have a swimmer/diver qualify during the season and they wish to use that time/score to attend the state meet that is the event they must swim at sectional competition.
2. Only one relay per school is allowed in each relay event.
3. Relays – If a time is achieved during the season, that time belongs to the four individuals who compete in the relay when the time was achieved.  

Alternates may swim only if a relay swimmer cannot swim at the state championship due to illness, injury or extenuating circumstances.
4. Since divers do not compete in many 11-dive meets during the year, one last 11-dive meet will be held after the sectional diving competition to qualify for the state championship meet.
5. Times that meet the state standard which are achieved during the preliminaries, consolation finals or finals of sectional competition shall meet the requirement for qualifying.
6. Any athlete disqualified at the Sectional Tournament for unsportsmanlike conduct shall NOT be eligible to compete at the State Tournament.
